Ability to work in multiple projects	<div style="width: 85%;">85%</div>
Programming	<div style="width: 95%;">95%</div>

# ARYAN KAFLE

COMPUTER ENGINEER  
(UNDER GRADUATION)

## ABOUT ME

I'm a computer engineer who has not yet worked in the industry but has worked in multiple projects. I am currently studying in advance college of engineering affiliated with TU. I am in my fourth year and have knowledge about programming and am familiar with programming languages like python, java script, HTML, CSS, C, C++,C#.

## EDUCATION

I come from a science background. I have a strong affiliation with math and enjoy task related to it . I am pursuing computer engineering so i would be able to design and develop apps and websites that I believe would be beneficial for students like me.

## ADDITION SKILL
